DETAILED ACTION

1. The drawings were received on 4/21/05. These drawings are approved except for Figure 11.

Ex parte Quayle

2. This application is in condition for allowance except for the following formal matters:

Drawings

3. The drawings are objected to because of the following informality: Figure 11, step S402, "C<Cs" should be "D<Ds". Corrected drawing sheets in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. Any amended replacement drawing sheet should include all of the figures appearing on the immediate prior version of the sheet, even if only one figure is being amended. The figure or figure number of an amended drawing should not be labeled as "amended." If a drawing figure is to be canceled, the appropriate figure must be removed from the replacement sheet, and where necessary, the remaining figures must be renumbered and appropriate changes made to the brief description of the several views of the drawings for consistency. Additional replacement sheets may be necessary to show the renumbering of the remaining figures. Each drawing sheet submitted after the filing date of an application must be labeled in the top margin as either "Replacement Sheet" or "New Sheet" pursuant to 37 CFR 1.121(d). If the changes are not accepted by the examiner, the applicant will be notified and informed of any required

corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

Specification

4. The disclosure is objected to because of the following informalities:
 - a. Page 7, line 19 of the amendment filed 4/21/05, "S302" needs to be inserted after "302".
 - b. Page 8, line 10 of the amendment filed 4/21/05, "402" should be "S402".Appropriate correction is required.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.

Allowable Subject Matter

5. Claims 1, 2, 4-13, 15, and 16 are allowed.
6. The following is a statement of reasons for the indication of allowable subject matter: The prior art of record does not teach or suggest an image forming apparatus/method comprising the adjusting part bypasses process to obtain an adjusting value for a use condition of the corresponding image forming member if the obtained misregistration value is smaller than a predetermined specification value, in combination with the remaining claimed limitations.
